A decorative arch with a thin black outline, spanning the width of the page. Inside the arch, at the top left and top right corners, are two identical eight-pointed starburst symbols. The text 'Hacienda Los Milagros' is written in a cursive script across the center of the arch.

Hacienda Los Milagros

Hacienda Los Milagros was designed to facilitate relaxation, a break from day-to-day life, and a reconnection to friends, family, and nature. With the exception of the media room in the La Milagrosa apartment, televisions are not featured in suites. We would be happy to provide free-standing large-format televisions to guests who prefer ensuite television.
